BAXTER & WOODMAN, INC ANNOUNCES NEW STRUCTURAL ENGINEER

[DECEMBER 3, 2009. CRYSTAL LAKE, IL] Baxter & Woodman, Inc. Consulting Engineers is pleased to announce that Mr. Brandon Buzzell, PE, SE has joined the firm as a Structural Engineer. Mr. Buzzell will oversee all engineering aspects of bridge related projects and will be responsible for client/project coordination, budgets, quality control and scheduling.

Mr. Buzzell earned his Bachelor of Science degree in Civil Engineering from the University of Illinois at Urbana – Champaign. A registered structural and professional engineer, Mr. Buzzell has more than 10 years of experience in planning, design, and construction services for bridge and highway facilities.

Based out of the firm's DeKalb office, Mr. Buzzell is an integral part of Baxter & Woodman's commitment to meeting the demand for safe and reliable infrastructure. Firm President/CEO Steve Larson states, "We are excited to add Brandon to the Baxter & Woodman structural engineering team. We are confident that his bridge planning, design, and inspection expertise will greatly benefit our clients."

Baxter & Woodman, Inc. is an employee-owned Engineering News-Record Top 500 Design Firm which provides planning, design, construction and technology services for water, wastewater, and storm water and transportation facilities for municipalities, counties and state agencies. Environmental, geographic information systems (GIS), water and wastewater operations, and advanced technology needs complement the firm's civil engineering expertise. Clients are served from nine regional offices in northern Illinois and southern Wisconsin.
