BAXTER & WOODMAN ANNOUNCES NEW SENIOR RESIDENT ENGINEER

Baxter & Woodman, Inc. Consulting Engineers is pleased to announce the appointment of Ed Davila as Senior Resident Engineer. Mr. Davila earned his Bachelor of Science degree in Civil Engineering from Chicago Tech, and has more than 28 years of experience in highway construction. Based out of the firm's Crystal Lake office, Mr. Davila is an integral part of Baxter & Woodman's commitment to meeting the demand for safe and reliable infrastructure.

"Ed's experience in transportation and underground includes bridge reconstruction, roadway widening, resurfacing, reconstruction, and intersection improvements," said Craig D. Mitchell, PE, Construction Services Group Leader. "We are excited to add him to the Baxter & Woodman Construction Services team, and feel that his abilities will greatly benefit our clients."

Baxter & Woodman, Inc. is an employee-owned Engineering News-Record Top 500 Design Firm which provides planning, design, construction and technology services for water, wastewater, stormwater and transportation facilities for municipalities, counties and state agencies. Environmental, geographic information systems (GIS), water and wastewater operations, and advanced technology needs complement the firm's civil engineering expertise. Clients are served from nine regional offices in northern Illinois and southern Wisconsin.
