### **SENIOR ELECTRICAL ENGINEER JOINS BAXTER & WOODMAN**

[April 7, 2011. Crystal Lake, IL] Baxter & Woodman, Inc. Consulting Engineers is pleased to announce the addition of Mr. Gary S. Wall, PE as Manager of the firm's Electrical Design Department. Mr. Wall earned his Bachelor of Science degree in Electrical Engineering from the University of Illinois, Chicago.

Mr. Wall is a licensed professional engineer in multiple states including Indiana, Illinois and Wisconsin which is the hub of municipal clients for the long-standing civil engineering firm. He brings to the firm expertise in the government, healthcare, and transportation public sector providing electrical design on multimillion dollar projects for METRA, CTA, Children's Memorial Hospital and the renovation of the Dirksen Federal Building.

Baxter & Woodman, Inc. is an employee-owned Engineering News-Record Top 500 Design Firm which provides planning, design, construction and technology services for water, wastewater, stormwater and transportation facilities for municipalities, counties and state agencies. Environmental, geographic information systems (GIS), water and wastewater operations, and advanced technology needs complement the firm's civil engineering expertise. Clients are served from nine regional offices in northern Illinois and southern Wisconsin.
